Osher at JHU Art Trip

Join Ann Wiker for the Cone Collection at the BMA August 10

The internationally renowned Cone Collection is the crown jewel of the Baltimore Museum of Art. In the early 20th century, Baltimore sisters Claribel and Etta Cone visited the Paris studios of Henri Matisse and Pablo Picasso and began amassing an exceptional collection of approximately 3,000 objects, including 500 works by Matisse, which were displayed in their Baltimore apartments prior to coming to the Museum.

Ann Wiker will give a tour of the Cone collection and you will learn how these two sisters interacted with some of the masters of modern art. Transportation will be provided from the Rockville and Columbia campuses. Bus riders are encouraged to bring a bagged lunch to enjoy on the way back. If you are driving on your own and decide to stay for lunch, reservations can be made in advance at the restaurant located inside the museum, Gertrude's: 410-889-3389, gertrudesbaltimore.com
